FGM = Pain and Fear

1 Corinthians 11:7 A man ought not to cover his head, since **he is the image and glory of God**; but **woman is the glory of man**.

Gen 1:26-27 ²⁶ Then God said, "Let us **make mankind in our image, in our likeness**, so that they may rule..."

²⁷ So **God created mankind in his own image**, in the image of God he created them; **MALE AND FEMALE** he created them.

We are God's handiwork,
created in Christ Jesus to
do good works, which
God prepared in advance
for **us to do**.

Ephesians 2:10

Oxytocin

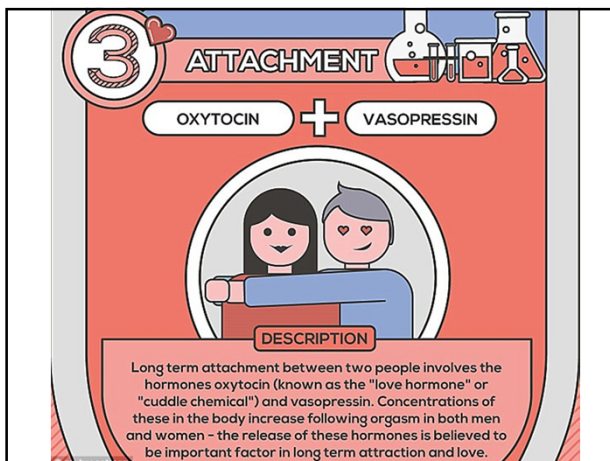

Oxytocin

This 'Love Hormone' is released during:

- Hugging
- Touching
- Sex
- Orgasm

The Female Sexual Response

- The period after orgasm is known as the refractory period. During this time, release of the neurohormones **oxytocin** and prolactin produce a feeling of relaxation
- Release of these hormones (and others, like **vasopressin**) also serves as a reward mechanism that regulates pair-bonding and **sexual imprinting** between the partners

And the man and his wife were **both naked**, and were **not ashamed**. Gen 2:24-25

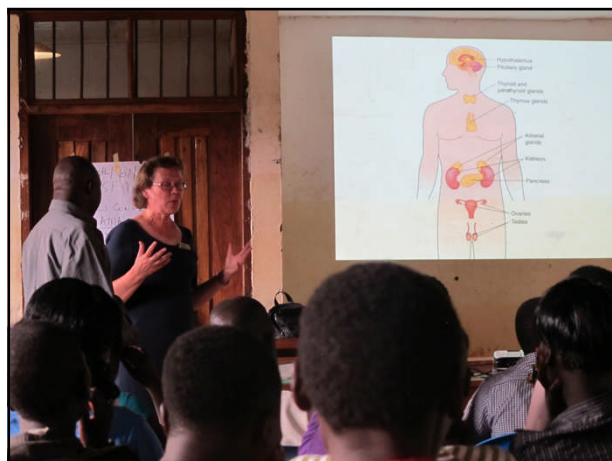

“**Love** your **enemies**, **do good** to those who hate you, **bless** those who curse you, **pray** for those who mistreat you.” Luke 6:27-28
